Subject:	WTAS SUPPORT FOR THE TRUMP ADMINISTRATION'S ACTIONS THIS WEEK TO LOWER THE PRICE OF PRESCRIPTION DRUGS AND PUT 'AMERICAN PATIENTS FIRST'
Date:	2018/07/20 12:22:16
Priority:	Normal
Type:	Note

WHAT THEY ARE SAYING | SUPPORT FOR THE TRUMP ADMINISTRATION'S ACTIONS THIS WEEK TO LOWER THE PRICE OF PRESCRIPTION DRUGS AND PUT 'AMERICAN PATIENTS FIRST'

"Secretary Alex Azar has advanced a number of bold initiatives in recent days to provide lower prescription drug prices for patients."

Former Wisconsin Governor and HHS Secretary Tommy G. Thompson: "Secretary Alex Azar has advanced a number of bold initiatives in recent days to provide lower prescription drug prices for patients. This includes an FDA initiative to increase competition in the biosimilar market. He has also continued to signal his intent to restructure the pharmaceutical rebate system to allow for lower out-of-pocket expenses for consumers. These initiatives are designed to promote competition and properly incent the marketplace. Secretary Azar has also proposed limited-scale importation of generic drug products in instances where manufacturers are taking advantage of limited supply, and increasing prices and ultimately hurting patients. While importation doesn't make sense on a broad scale due to the inability of FDA to ensure safety, FDA should be able to carefully control the safety of importation in instances of clear abuse, and this will help patients. This is a commonsense and pragmatic approach in instances where egregious business conduct harms patients."

Senate Committee on Health, Education, Labor, and Pensions Chairman Lamar Alexander: "I'm glad to see the Secretary explore new ways to increase competition and lower drug prices by importing prescription drugs so long as the Food and Drug Administration approves the safety and effectiveness of those drugs and of the supply chains that carry them to American consumers."

The Heritage Foundation: "Secretary Azar is right to focus on ways to lower health care costs and improve choices. Prescription drug costs are one of the many health care

challenges facing Americans today along with Obamacare's ongoing damage. There's a lot of work that needs to be done. We look forward to working with Secretary Azar on solutions that help Americans."

America's Health Insurance Plans: "Addressing drug prices is an urgent national priority. American patients and families deserve prescription drugs that are affordable, innovative, and improve their health and well-being. We appreciate the recent focus by the Administration, Members of Congress, and other stakeholders to identify and advance policies to reduce drug prices and costs across the U.S. health care system. We agree that improving choice and competition will deliver lower drug prices and costs for patients, consumers, employers, and governments."

Senate Committee on Aging Chairman Susan Collins: "I appreciated receiving a call from Secretary Azar on the importation of prescription drugs from countries whose safety standards match ours. I have long advocated for safe reimportation as a means of lowering prices for consumers. The Administration's decision to examine how to safely import certain sole-source prescription drugs in response to egregious price increases is an encouraging step in the right direction."

Campaign for Sustainable Rx Pricing: "The recent announcements by companies like Pfizer, Novartis, Lilly, and Merck that they will take various positive steps on drug prices by cutting the price of certain drugs, limiting forthcoming price increases, or supporting procompetitive reforms like the CREATES Act are welcome news. The Trump Administration deserves real credit for its focus on out-of-control drug prices over the last 18 months."

Senate Committee on the Judiciary Chairman Chuck Grassley: "Today's announcement by the Department of Health and Human Services shows movement in the right direction in the fight against high drug prices, but it's long overdue. This has been an ongoing problem for more than 20 years and it's past time to make real progress and help millions of Americans who struggle to pay exorbitant prices for their medications. I encourage this Task Force to work quickly and efficiently so they can move forward with providing Americans real relief."

Social Media Mentions

Steve Forbes, Chairman & Editor-In-Chief, Forbes: "Yes, the President's plan is working! More innovation, more competition and more access leads to lower drug prices. The President and his team are delivering, and now it's time for PBMs and health insurers to do the same."

America's Health Insurance Plans: "Thank you for your leadership, @SecAzar. We are committed to working constructively with drug makers that sincerely want to lower drug prices and costs for all Americans."

American Association for Kidney Patients: "HHS SECRETARY AZAR PUTS PATIENTS FIRST! Merck lowers 6 drug prices w/Hepatitis C drug by 60% CRITICAL NEWS FOR KIDNEY+TRANSPLANT PATIENTS!"

National Psoriasis Foundation: "We appreciate @SGottliebFDA's commitment to ensuring a robust market for #biosimilars to increase access to critical therapies for #PsO/#PsA patients."

Pfizer, Inc.: "Increasing access to #biosimilars offers many benefits to Americans & the US healthcare system, including more treatment options and an estimated \$54 billion dollars in potential savings over the next decade"

Council for Affordable Health Coverage: "Creating a robust market for + expanding access to #biosimilars is a key part of our latest recommendations to the Trump administration. We look forward to reading FDA's action plan." "Expanding pathways for #biosimilar development is truly putting #AmericanPatientsFirst."

American Association of Pharmaceutical Scientists: "The administration took another significant step on drug pricing yesterday — arguably its most impactful step to date — when @SGottliebFDA rolled out a new plan to spark the development of more biosimilar drugs."

Kay Cole James, President, The Heritage Foundation: "We need to focus on ways to lower health care costs and improve choices. I appreciate @SecAzar's commitment to this issue and look forward to working with him on solutions that help all Americans."

Subject:	Task 2.8.1: Environmental Scan of Existing Educational Approaches Related to Human Fecundity
Date:	2018/07/23 13:55:46
Priority:	Normal
Type:	Note

Dear All,

Attached please find the revised *Summary of Environmental Scan of Existing Educational Approaches Related to Human Fecundity*. The purpose of the environmental scan was to identify existing educational interventions with the primary objective of increasing or providing education regarding fertility knowledge and awareness. The attached report incorporates comments provided by OPA; the *Tracked* version provides all edits made and responses to comments. The *Clean* version is for your files and sharing as it does not contain tracking or comments. As requested, the attached zip file provides pdf copies of all citations in the report.

Should OPA need any additional information related to the environmental scan, just a reminder that Atlas's subcontract period of performance ends on July 31, 2018. Atlas will be participating in this week's Thursday, 7/26 call as we continue discussions in our weekly calls on how OPA can share the information with the appropriate audience(s) and how the information may fit in OPA's research agenda.

Warm regards,
Carol

Carol Ward, MPH, DrPH

Title X News

Notice of Proposed Rule Making: **Comment Period Closes on July 31, 2018**

On June 1, 2018, the U.S. Department of Health and Human Services (HHS) proposed to revise Title X services regulations through a notice of proposed rulemaking published in the *Federal Register* entitled, "[Compliance with Statutory Program Integrity Requirements](#)." The proposed update to the regulations is intended to ensure compliance with statutory program integrity provisions governing the program and, in particular, the statutory prohibition on funding " *programs where abortion is a method of family planning*." (42 U.S.C. § 300a-6) You can read the proposed rule [here](#). Comments on this proposed rule [are invited](#). To be considered, comments must be received by **July 31, 2018**.

Family Planning News

NEW! Same-Visit Contraception: An Implementation Guide for Family Planning Providers

Family planning clients should have access to their contraceptive method of choice—regardless of whether that method is an intrauterine device (IUD), implant, pill, patch, ring, condoms, natural family planning, or any other method—without unnecessary delays. The Family Planning National Training Center's (FPNTC) new interactive guide provides tools and other resources designed to support Title X grantees and service site staff to provide same-visit contraception. You can check out the new interactive guide [here](#).

Integrating Infectious Disease Prevention and Treatment into the Opioid Response

In the United States, opioid overdose deaths increased fivefold from 1999 to 2016, and new hepatitis C infections more than tripled from 2010 to 2016. Earlier this year, the HHS Office of the Assistant Secretary for Health's Office of HIV/AIDS and Infectious Disease Policy and the Office on Women's Health sponsored a workshop at the National Academies of Sciences, Engineering and Medicine to explore the infectious disease consequences of the opioid crisis and consider opportunities to better integrate effective responses. The workshop summary provides expert opinion on the major challenges and opportunities relating to infectious diseases and can serve as a strategic action and planning resource for communities. You can learn more about the workshop proceedings [here](#).

Virtual Coffee Break Series: Fertility Apps

In *Fertility Apps: A New Approach to FABMs*, learn about apps being used for pregnancy prevention and how clinicians can support clients who are considering them. The webinar is presented by Dr. Victoria Jennings from the Georgetown University Institute for Reproductive Health. This 30-minute archived webinar is part of the National Clinical Training Center for Family Planning's (NCTCFP) Virtual Coffee Break series. You can watch the webinar [here](#).

Morbidity and Mortality Weekly Report

HIV Testing, Linkage to HIV Medical Care, and Interviews for Partner Services Among Black Men Who Have Sex with Men — Non-Health Care Facilities, 20 Southern U.S. Jurisdictions, 2016

Black men who have sex with men (MSM) are disproportionately affected by human immunodeficiency virus (HIV) infection, accounting for 38 percent of all new HIV diagnoses among MSM in the United States in 2016. Analysis of CDC-funded HIV testing for black MSM in 20 southern U.S. jurisdictions in 2016 revealed that black MSM receive 36 percent of the HIV tests provided and accounted for 36 percent of the new HIV diagnoses in non-health care facilities. HIV testing programs in the southern United States can be designed to reach more black MSM by conducting targeted risk-based testing in non-health care settings and by routine screening in agencies that also provide health care services to black MSM. You can read the full article [here](#).

Importance:	High
Priority:	Urgent
Type:	Note

Dear Subject Matter Experts (SMEs):

Attached please find three files with information about your review and feedback on the Office of Population Affairs (OPA) sponsored *Fertility Knowledge Survey*.

You are receiving two documents.

- The first document (SME_BackgroundMaterials_Final_7-24-18.pdf) provides background information on the survey aims, research questions, domains/topics, development, and plans for survey administration. This document also includes instructions for providing feedback (see page 1).
- The second document (DraftFertilityKnowledgeSurvey_Females_v9_ReviewVersion_7-24-18) is the draft *Fertility Knowledge Survey* in a table format. We provide both Word (*.docx) and PDF versions.

We are asking for your written feedback by close of business (6:00PM ET) on **Wednesday, August 1**. Please send your comments to cfowler@rti.org. We will compile, analyze, and share reviewer comments before the scheduled conference call.

As a reminder, please remember to complete to Doodle Poll for scheduling the 2-hour feedback calls:

Link to scheduling poll: <https://doodle.com/poll/rk9kszm3ngaatt588> [Note: You do not need to log-in to complete the poll]

If you have any questions or concerns, please contact Dr. Christina Fowler at RTI International:

- Phone: 919-316-3447
- E-mail: cfowler@rti.org

Again, many thanks,

Christina

Hi Guys

On Monday of next week at 11am, the Secretary will sit down with leaders of social conservative groups to hear what their interests are in the work of the Department.

Invitees are below, and include life, religious liberty, and family groups.

(b)(5)

Life Groups

Susan B Anthony – Marjorie Dannenfelser*

National Right to Life – Carol Tobias

March for Life – Tom McCluskey

U.S. Conference of Catholic Bishops – Anthony Picarello, general counsel and associate
general secretary for policy and advocacy

Family Groups

Concerned Women for America – Penny Nance*

Family Research Council – David Christensen
Focus on the Family – Tim Goeglein
Faith and Freedom Coalition – Ralph Reed

Religious Liberty Groups

Alliance Defending Freedom – Michael Farris
Becket Fund - Mark Reinzi
Liberty Institute – Hiram Sasser, General Counsel,
Heritage Foundation – Discussing availabilities

Laura Clay Trueman

Subject: FY20 OMB-J Narratives and Performance - DUE COB 7/31

Importance: High

Good afternoon,

We are beginning the FY20 OMB-J Budget Request Process.

(b)(5)

(b)(5)

(b)(5) I am sending you the final FY19 CJ document for you to update the following sections for your respective office:

1. Program Description and Accomplishments – This section should be concise and should answer the basic questions about the program such as: What is the program’s purpose? When was it established? Who does it serve? How does it operate? What has it accomplished recently? What evidence exists demonstrating the program’s effectiveness? For each activity in the narrative, please provide the following types of information in paragraph form:

- Purpose, the year the program began, and target population.
- Provide updated information and research to support the existence of the program.
- Elaborate on the allocation method for distributing funds, specifically:
 - Use the allocation methods provided above;
 - Type of organization that is eligible for funding in this program (e.g., states or cities; community-based organizations; universities); and
 - Cite the number of grants or awards that are distributed on an annual basis, if applicable.
- If a new PPA is requested, give details to support the request.
- Include information on any activities ending in the current fiscal year.
- Focus on the most recent key results and evaluation findings, particularly for performance measures in the outputs and outcomes tables. Describe:
 - What were the main accomplishments that resulted from our investment?
 - What strategies were used to accomplish these results?
 - Has performance improved over previous years?
 - What were the internal and/or external factors that affected our performance results?
 - What were the main challenges encountered during program execution and how were they managed?
 - What steps are being taken to improve program performance or the target setting methodology?

2. Outputs and Outcomes Table (if applicable) – The table should include a limited set of measures that depict the main impact or benefit of the program at the FY 2020 Request. These measures should support the rationale articulated in

the budget request. Make sure the results are from most current year.

3. Performance Analysis (if applicable) – A discussion of the key outputs and outcomes the program will achieve and any estimated change from the previous year’s performance for the program. Refer to the performance measures outputs and outcomes tables in your discussion. The discussion should include the following types of information, though not every bullet needs to be addressed in every case:

- What will we get for the funding, investment or appropriation (key outcomes or outputs in relationship to outcomes)?
- Are there observed or forecasted trends?
- How will the budget enable you to achieve your targets? Please explain if the requested funding and the targets set are moving in different directions (e.g., the funding is increasing but the outcomes or outputs are remaining flat or decreasing.)
- Discuss the evidence base for the each activity you are proposing (as appropriate).

For you reference, also attached is the latest performance measure table that was part of the HHS-J submission for you to use to update the performance table.

NOTE: the attached files are 508 compliant so it is imperative that you do not alter this template; in order to remain 508 compliant you must adhere to the strict styles set forth in the template. Please fill out the template according to the styles embedded in the document, making sure not to edit the size, shape or “style” of the tables and narrative sections.

<< File: FY19 OASH CJ-Embryo.docx >> << File: FY19 OASH CJ-ORI.docx >> << File: FY19 OASH CJ-OWH.docx >> << File: FY19 OASH CJ-OMH.docx >> << File: FY19 OASH CJ-TPP.docx >> << File: FY19 OASH CJ-PHR.docx >> << File: FY19 OASH CJ-OAH.docx >> << File: FY19 OASH CJ-NVPO.docx >> << File: FY19 OASH CJ-OHRP.docx >> << File: FY19 OASH CJ-PCSFN.docx >> << File: FY19 OASH CJ-ODHP.docx >> << File: FY19 OASH CJ-OHAIDP.docx >> << File: FY19 OASH-MAI-PAF-PHS-Supplemental CJ.docx >> << File: OASH Performance Measures 7.10.2018.xlsx >>

Your narrative updates (in track changes) are due by **COB July 31st**. Please let me know if you have any questions.

Have a great weekend!

Subject: FW: Title X Funding

Hi Diane, Valerie, and Laura,

It was a pleasure sitting down with you and Congressman Bishop on Utah's Title X funding and the new proposed rule. I have been in touch with the Utah Department of Health and they have included below the exact codes of the state law we discussed, which requires parental consent before treating minors. This law only applies to state health clinics as we suspected, not private, which allows Planned Parenthood to be the sole recipient of the funding. Congressman Bishop is eager to submit language during the open comment period with the help of Utah's Department of Health and we would greatly appreciate any assistance from your office in tailoring language to support Utah's application. Understanding that ample precedent exists prohibiting Title X funding from requiring parental consent, the Congressman is hoping to enter comments that will encourage respecting this state law and the requirements for Title X.

Could I get your thoughts on how this law interacts with the new rule and Utah's application? I am happy to discuss by phone as well.

Thank you all for your time and help in this matter.

All the best,

Carolyn

Subject: Re: Title X Funding Opportunity

Carolyn -

State of Utah law states the following:

Title 76 Utah Criminal Code Chapter 7 Offenses Against the Family Section 325

Notice to parent or guardian of minor requesting contraceptive -- Definition of contraceptives -- Penalty for violation.

76-7-325. Notice to parent or guardian of minor requesting contraceptive -- Definition of contraceptives -- Penalty for violation.

(1) Any person before providing contraceptives to a minor shall notify, whenever possible, the minor's parents or guardian of the service requested to be provided to such minor. Contraceptives shall be defined as appliances (including but not limited to intrauterine devices), drugs, or medicinal preparations intended or having special utility for prevention of conception.

(2) Any person in violation of this section shall be guilty of a class C misdemeanor.

Public funds for provision of contraceptive or abortion services restricted.

76-7-322. Public funds for provision of contraceptive or abortion services restricted.

No funds of the state or its political subdivisions shall be used to provide contraceptive or abortion services to an unmarried minor without the prior written consent of the minor's parent or guardian.

Title 76 Utah Criminal Code Chapter 7 Offenses Against the Family Section 323

Public funds for support entities providing contraceptive or abortion services restricted.

76-7-323. Public funds for support entities providing contraceptive or abortion services restricted.

No agency of the state or its political subdivisions shall approve any application for funds of the state or its political subdivisions to support, directly or indirectly, any organization or health care provider that provides contraceptive or abortion services to an unmarried minor without the prior written consent of the minor's parent or guardian. No institution shall be denied state or federal funds under relevant provisions of law on the ground that a person on its staff provides contraceptive or abortion services in that person's private practice outside of such institution.

Federal Title X funding (42CFR59) says that services will be provided "Without regard to religion, race, color, national origin, handicapping condition, age, sex, number of pregnancies, or marital status".

We know of two court cases pertaining to these Utah restrictions:

Planned Parenthood vs. Matheson - 1983
Jane Does 1-4 vs. State of Utah Dept of Health

If you have additional questions please let us know.

Lynne

Subject:	RE: OPA Task 2 weekly call: Materials for 7/26 call
Date:	2018/07/25 13:33:35
Priority:	Normal
Type:	Note

Please find attached the PowerPoint Presentation with the Agenda and Content for tomorrow's Task 2 call. Per our usual practice, we are also re-sending all of the previously delivered materials on which we are requesting OASH/OPA input or approval.

The attachments include:

- • NDA (for Alicia's review and approval for sending to SMEs)
- • Draft Fertility survey (for OPA review)
- • Final environmental scan report and references (for OPA approval)

Stefanie R. Schmidt, Ph.D.

August 1 after 12:30 works for me. Or, August 8 from 9-12:30 is ok. August 9 in the afternoon is also open.

How long do you anticipate the first meeting will be and do you prefer in person? Those at Tower will have to plan for travel time unless we participate via conference call.

Thanks,

Evelyn

Subject: Re: HPV Workgroup Kickoff Meeting

August 1 or 8 work best for me - although I can make the 9th work if that day is the best for others.

Thanks,
Sue

Good Afternoon,

In preparation of the HPV meeting, below are the following dates available for Dr. Wharton. Please let me know your availability of the dates/times for the following dates.

Wednesday, August 1, 2018 (available all day)
Wednesday, August 8, 2018 (available all day)
Thursday, August 9, 2018 (available all day)

An email invite with attached material will be sent out once we have the best date/time.

Thank You!

Viola Jacobs

Subject: Request for Designee(s) - ASH's HPV Workgroup

Importance: High

Dear OASH Directors and Deputies,

NVPO is excited to be charged with assembling an internal working group to assess and implement recommendations from a recent National Vaccine Advisory Committee (NVAC) report on ways to improve HPV vaccine coverage rates. The working group will be comprised of representatives from NVPO, OWH, OMH, OAH, OPA, OASH Communications and other partners, as needed.

We share the ASH's sense of urgency surrounding this important issue and seek to assemble and convene the first working session within the next few weeks. I've included some additional information below and attached the report for your reference.

Please email the name(s) of the individual(s) that will represent your office on this workgroup to Melinda Wharton, myself and Viola Jacobs by Tuesday, July 17 so that we can begin to work on scheduling.

Thanks so much,

Roula Sweis Psy.D.

Chief, Operations and Management

National Vaccine Program Office | Department of Health and Human Services

202-260-6619 (desk) | (b)(6) (mobile)

Additional Information

As NVPO conducts the preparatory work, please take some time to review the attached report, which will guide our work. In the report, NVAC recommends ways to improve HPV vaccination coverage rates by focusing on four areas of activity:

1. Identifying additional national partners;
2. Guiding coalition-building for states;
3. Engaging integrated health care delivery networks; and
4. Addressing provider needs in rural areas.

The recommendations include short, mid, and long-term activities. Some of these activities can be implemented relatively quickly by leveraging existing partnerships or resources from within OASH while others will require outreach and engagement with a broader set of partners outside of OASH and even HHS.

Some key questions to consider in anticipation of the first session are:

Subject:	Tomorrow: Secretary Azar @ The Heritage Foundation
Date:	2018/07/25 18:39:49
Priority:	Normal
Type:	Note

Good evening,

Tomorrow at 11:00 AM ET, Secretary Azar will deliver remarks at an event hosted by The Heritage Foundation, entitled, “The Importance of Free-Market Principles in American Healthcare.” His remarks will focus on his four secretarial priorities and how free-market principles improve affordability and care for patients.

In advance of the event, here is a preview of Secretary Azar’s remarks (*as prepared for delivery*):

...

“One of America’s greatest leaders, President Ronald Reagan, applied commonsense solutions to the supposedly intractable challenges of his time, like an overly complicated tax code and a bloated, broken welfare system. Like President Trump, he saw straight through how Washington works, and had a pithy description of how problems are usually handled here. ‘Government’s view of the economy could be summed up in a few short phrases,’ he said. ‘If it moves, tax it. If it keeps moving, regulate it. And if it stops moving, subsidize it.’”

“For too long, that has more or less been the federal government’s approach to healthcare. We saw it most recently with the Affordable Care Act, which imposed a new tax or regulation, or sometimes both, on just about every moving part in our healthcare system. There was even a tax on not buying the right kind of insurance—until President Trump and Congress repealed it.”

“The Trump Administration’s first instincts are the opposite of the big-government nightmare President Reagan described. If something in our healthcare system isn’t working, we’ll see if there’s a regulation in the way. If prices are high, we’ll see if there’s a tax involved. If prices keep rising, we’ll see if there’s a subsidy driving them.”

...

“Today, I want to talk about how these principles apply to a few of the priorities I have laid out for HHS under President Trump: first, reforming the individual market for

insurance; second, bringing down the high price of prescription drugs; and third, transforming our health system into one that pays for value.”

...

The event will be livestreamed here: <https://www.heritage.org/event/the-importance-free-market-principles-american-healthcare>

We will post the Secretary’s full remarks, as prepared for delivery at approximately 11:00 AM ET here: <https://www.hhs.gov/about/leadership/secretary/speeches/index.html>

Please let me know if you have any questions.

All the best,

Caitlin B. Oakley

Subject: FW: Title X Funding

Hi Diane, Valerie, and Laura,

It was a pleasure sitting down with you and Congressman Bishop on Utah's Title X funding and the new proposed rule. I have been in touch with the Utah Department of Health and they have included below the exact codes of the state law we discussed, which requires parental consent before treating minors. This law only applies to state health clinics as we suspected, not private, which allows Planned Parenthood to be the sole recipient of the funding. Congressman Bishop is eager to submit language during the open comment period with the help of Utah's Department of Health and we would greatly appreciate any assistance from your office in tailoring language to support Utah's application. Understanding that ample precedent exists prohibiting Title X funding from requiring parental consent, the Congressman is hoping to enter comments that will encourage respecting this state law and the requirements for Title X.

Could I get your thoughts on how this law interacts with the new rule and Utah's application? I am happy to discuss by phone as well.

Thank you all for your time and help in this matter.

All the best,

Carolyn

Subject: Re: Title X Funding Opportunity

Carolyn -

State of Utah law states the following:

Title 76 Utah Criminal Code Chapter 7 Offenses Against the Family Section 325

Notice to parent or guardian of minor requesting contraceptive -- Definition of contraceptives -- Penalty for violation.

76-7-325. Notice to parent or guardian of minor requesting contraceptive -- Definition of contraceptives -- Penalty for violation.

(1) Any person before providing contraceptives to a minor shall notify, whenever possible, the minor's parents or guardian of the service requested to be provided to such minor. Contraceptives shall be defined as appliances (including but not limited to intrauterine devices), drugs, or medicinal preparations intended or having special utility for prevention of conception.

(2) Any person in violation of this section shall be guilty of a class C misdemeanor.

Public funds for provision of contraceptive or abortion services restricted.

76-7-322. Public funds for provision of contraceptive or abortion services restricted.

No funds of the state or its political subdivisions shall be used to provide contraceptive or abortion services to an unmarried minor without the prior written consent of the minor's parent or guardian.

Title 76 Utah Criminal Code Chapter 7 Offenses Against the Family Section 323

Public funds for support entities providing contraceptive or abortion services restricted.

76-7-323. Public funds for support entities providing contraceptive or abortion services restricted.

No agency of the state or its political subdivisions shall approve any application for funds of the state or its political subdivisions to support, directly or indirectly, any organization or health care provider that provides contraceptive or abortion services to an unmarried minor without the prior written consent of the minor's parent or guardian. No institution shall be denied state or federal funds under relevant provisions of law on the ground that a person on its staff provides contraceptive or abortion services in that person's private practice outside of such institution.

Federal Title X funding (42CFR59) says that services will be provided "Without regard to religion, race, color, national origin, handicapping condition, age, sex, number of pregnancies, or marital status".

We know of two court cases pertaining to these Utah restrictions:

Planned Parenthood vs. Matheson - 1983

Jane Does 1-4 vs. State of Utah Dept of Health

If you have additional questions please let us know.

Lynne

Subject: RE: SUD work group

Hi Diane,

The NRHC plenary slides we discussed are available here: S:\OPA\Title X Training\National Training Centers\National Clinical Training Center for Family Planning\FY2017\NRHC July 2018\Slide Reviews\Review finished\MacAfee_Opioid Crisis and here S:\OPA\Title X Training\National Training Centers\National Clinical Training Center for Family Planning\FY2017\NRHC July 2018\Slide Reviews\Review finished\Terplan_Opioid Crisis

I've also attached the SUDs Summary in Brief. Looping Aisha so she can share the other summary documents that we've received.

Best,
Karen

Subject:	Summary of SUD Expert Work Group
Date:	2018/07/27 16:39:00
Priority:	Normal
Type:	Note

Adm Giroir,

I have attached my summary of the highlights from the Substance Use Disorder Expert Work Group meeting sponsored by OASH/OPA as well as the longer summary provided by the TA group for your review. I also have attached the powerpoint from Dr Mishka Terplan who presented at the opening plenary session of the recent National Family Planning Conference. He is board certified in addiction medicine and obstetrics-gynecology and has experience combining SUD treatment and family planning. The first three general sessions were devoted to collaboration opportunities for addressing the opioid crisis in combination with family planning services.

Please let me know if I can provide further information.

Diane

Diane and Karen,

I enjoyed having the opportunity to meet both of you in person yesterday.

As requested, I have attached the following documents:

- • Most recent version of SOW (with redline edits showing differences from original)
- • Most recent version of Project Work Plan
- • Protocol for fecundity survey administration
- • MITRE cost proposal from September 2017
- • Signed award document from September 2017
- • Signed no-cost modification award document from May 2018

Please let us know if you have any questions about these materials.

Thank you,

Stefanie R. Schmidt, Ph.D.

Project Lead for OASH Teen Pregnancy Prevention Project
